Aurora Energy provides electricity and gas retail services in fully competitive markets to more than 270,000 customers throughout mainland Tasmania. As part of its retail offering, Aurora Energy offers a range of electricity and gas products tailored to the needs of customers through tariffs, market contracts and payment options.

The principal objectives of the Company as outlined in the *Electricity Companies Act 1997* and the Constitution's Memorandum of Association are to:

- operate its activities in accordance with sound commercial practice; and
- maximise its sustainable return to its shareholders.

Aurora Energy pays dividends to the Shareholders, which are used by the Government for the benefit of the Tasmanian community.

Shareholders' Statement of Expectations

Aurora Energy's strategic direction for 2022-23 and beyond has been developed on the basis of a set of underlying business imperatives, outlined in the Members' Statement of Expectations.

These are to:

- a) focus on its core business, the delivery of electricity retail services on mainland Tasmania;
- b) operate its activities in accordance with sound commercial practice;
- c) maximise its sustainable return to shareholders;
- d) operate as an efficient entity providing services in a cost effective manner and target an underlying cost to serve below the regulatory allowance for a regulated retailer in the Tasmanian market;
- e) prudently manage the risks of operating in a competitive retail market in the State;
- f) maintain flexibility for a potential future divestment of the business; and
- g) maintain a customer-centric focus and efficiently deliver the State's electricity concessions on behalf of the Government.

Aurora Energy's Purpose

Aurora Energy's purpose '**Energising Tasmania, our community, our future**' captures its intent to make great things happen for the Tasmanian community and its commitment to deliver on its Shareholder Expectations in a way that supports Tasmania's future prosperity.

In delivering this vision, Aurora Energy will engage closely with Tasmanians and leverage customer insights to provide its customers with the experience, products and services, value and choice they expect.

In response to the impact of COVID-19, Aurora Energy made the support for impacted Tasmanians a strategic focus.
